OBJECTIVES

Target Audience: This activity will be particular interest to physicians, pharmacists and nurse practitioners that provide direct patient care.

Methodology: Presentations, slides, case presentation, and interactive discussion.

Objectives: At the conclusion of this presentation, participants will be able to:

- Explain due diligence obligations;
- Recognize systems to identify suspicious orders;
- List components necessary to recovery success as well as stigmas those in recovery face;
- Review recent policy changes pertaining to increasing access to MOUD;
- Understand the benefits of offering buprenorphine
- Discuss why the Americans with Disabilities Act (ADA) applies to individuals with opioid use disorders; and
- Identify free resources across the state of West Virginia to serve patients with substance use disorders
